

May 8, 2020

The RIGA is committed to the well-being of each and every person in our association.

The COVID-19 Pandemic continues to evolve on a daily basis. In light of everything that is going on, we are **postponing** all events through **June 15** with the intention of rescheduling each one.

This is a serious time we are in and are excited as you are for our tournament schedule. But at this point, we know it is the right thing to do for the safety and health of all of our employees, members and member clubs. Based on strong recommendations from the nation's best health experts and organizations.

Stay tuned to our [website](#) and all of our social media channels ([Twitter](#), [Instagram](#) and [Facebook](#)) for further updates.

Decisions on events after June 15 will be made once we get closer to that time. As well as information on qualifying for the 115th Rhode Island Amateur.
